

## The Developing Physician Course

### Required Equipment List

Welcome to The Developing Physician course! In this course, you will learn the important skills necessary to function as a clinical physician. The following is a list of equipment that is required for this course. Included are some options for you to choose from when looking to purchase your equipment. Do not feel obligated to purchase the exact equipment that is listed here, these are merely examples to help you make a choice. If you find your equipment elsewhere, or at a better price, then feel free to purchase it from another provider.

Please contact the CHSU-COM Office of Student Affairs if you would like more information about other purchase options.

#### **REQUIRED EQUIPMENT:**

##### **1. Stethoscope:**

- High Quality Examples
  - 3M Littmann Cardiology IV - \$189.99 ([stethoscope.com/cardiology-IV](http://stethoscope.com/cardiology-IV))
