

Help Shape the Future of Medicine in the Central Valley

Clinical Faculty Preceptor Benefits

Physicians who serve as Clinical Faculty Preceptors receive a variety of professional benefits, including eligibility for CME hours and a University Academic Faculty appointment.

Monthly compensation is provided directly to the Clinical Faculty Preceptor or physician group based on a per-student, per-month calculation.

Additionally, Clinical Faculty Preceptors enjoy access to our online university library databases, textbooks, and state-of-the-art Simulation lab with holographic anatomy resources.

Clinical Rotation Pathways for Students

Year 3: Core Clerkships

In year 3, students gain hands-on experience through their 6 core clinical clerkships with qualified local Clinical Faculty Preceptors in the community. Students rotate through opportunities for more advanced clinical learning in areas including:

- Pediatrics
- Psychiatry
- Obstetrics & Gynecology
- Family Medicine
- Internal Medicine (in-pt. & out-pt.)
- Surgery (General & Specialty)

Year 4: Sub-I's & Advanced Training

In year 4, students are provided ample opportunities for audition rotations preparing them for Residency. They experience both required and elective rotations and advanced clinical learning in areas including:

- Emergency Medicine
- Primary Care
- Specialty Medicine
- Underserved Medicine

Our Year 3 and 4 students are trained in EMR efficiency, history taking, and physical exams. A CHSU student does not just watch you work - they become an integral part of your clinical team, helping you provide thorough care to more patients.

CHSU MISSION

We exist to improve the health care outcomes of people living in the Central Valley by:

- Inspiring diverse students from our region to commit to health care careers that serve our region;
- Developing compassionate, highly trained, intellectually curious, adaptive leaders capable of meeting the healthcare needs of the future through a performance-based education;
- Empowering people to teach, serve, research, innovate, and practice collaboratively in areas of skill and expertise.

CHSU Graduate Success

- 100%** Residency Match Rate for three consecutive years
- 65%** of residencies in Primary Care
- 29%** of residencies in the Central Valley
